About INDUS

Impressed by the great accuracy in measuring length, mass and time achieved by the people of the Indus Civilization, a team of experienced, motivated, dedicated visionaries decided to provide composite and quality training to the young minds in Engineering & Management education to become efficient technocrats & promising managers, facing tough challenges in globally competitive market with a view to become good human beings, as well as, to serve the society at large in a lush green environment. To make the dream come true IES (Indus Education Society) established "Indus Institute of Technology & Management" in 2008 with B.Tech. and MBA programs to achieve greater accuracy in all fields.

To fulfill the vision, mission, aims and objectives of the visionaries of Indus Institute of Technology & Management provides the state of the art laboratories to all departments, namely, Civil Engineering, Computer Science & Engineering, Electronics & Communication Engineering, Mechanical Engineering and MBA. The department of IT is an integral part of the department of Computer Science & Engineering of the Institute. The laboratory is a place where students & researchers try all possibilities of testing grounds to strengthen their imagination and creative thinking to avoid mistakes whenever the possibilities arises in threatening or non-threatening environment and proceed without posing any risk. The students of INDUS get opportunities to work in the laboratories on individual basis. The entire campus of INDUS, including hostels, guest house, SBRA, is connected with Wi-Fi facility having 50 Mbps speed leased line. The hard work with the heap of highly qualified, experienced and dedicated faculty is trying to make the dream come true.

Our institute ensures 24 hours water and power supply backed up by five generators of different capacities. An Ambulance is ready round the clock in the campus to mitigate any type of emergency arising in the campus.

An interesting observation of a bright student :

"Every course or each part of the course has certain objectives based on prior knowledge that is expected to achieve the target. This I am sure was known to all my teachers (professors and others). However since our new director has taken the charge and the constant training being provided to all faculty members, the above simple and basic tenant seems to be regularly and consciously adhered to. Now all these small achievements have increased my confidence and instilled a purpose."

Courses Offered

• B.TECH

• LATERAL B.TECH

• M B A

Civil Engineering

(Duration: 4 years Seats :63)

State of the art construction laboratories and quality software with access to standards, regulations, and legislations are available in the department for practice of students. The department also has up to date Geo Technical Lab., Transportation Lab, Building Material Lab, Fluid Mechanics Lab, etc.

Computer Science and Engineering

(Duration: 4 years Seats :63)

The aim of the Department of Computer Science and Engineering is to produce marketable product through dissemination of theory, principles, practice and know-how of computing in the information age, for the critical analysis, design, evaluation, and improvement of computing systems in tune with the needs and demands of changing times.

Electronics and Communication Engineering

(Duration: 4 years Seats :42)

The department has well supplemented set of laboratories such as Digital Electronics Lab, Electronic Workshop, Communication Lab, Microwave Lab, Microprocessor Lab, Electrical Engineering Lab, Automatic Control Engineering Lab etc. The practical sessions have been designed in tune with the course curriculum.

Mechanical Engineering

(Duration: 4 years Seats :42)

The department has well equipped laboratories that include: Workshop, Engineering Mechanics, Computer Aided Engineering Graphics, Material Science and Testing, Machine Drawing, Thermodynamics, Fluid Mechanics, Manufacturing Science, Applied Mechanics, Measurement and Metrology, IC Engine & Automobile, Refrigeration and Air conditioning, Theory Machines, etc.

Master of Business Administration

(Duration: 2 years Seats :42)

A range of teaching and learning methods are used to cater different learning styles including exposure to business leaders, live organizational projects to provide a realism that prepares students to take up the future work, company visits to expose students to current practices, etc. The department ensures that student is relevant to the needs of the business world.

How to Apply in B.Tech, Lateral (B.Tech) & MBA courses :

- > Through JEE (MAINS)
- > Through State Entrance Exam (UP-CET)
- > Direct Admission against Management Quota / Vacant Seats

Courses Offered

POLYTECHNIC

Duration: 3 years

Seats : 156

The institute offers 3 years diploma program with the sanctioned intake in Civil Engineering, Mechanical Production and Mechanical Automobile Engineering for the students as per eligibility criteria of JEEC-UP

The Institute also offers two year diploma program for the students as per eligibility criteria of JEEC-UP

How to apply:

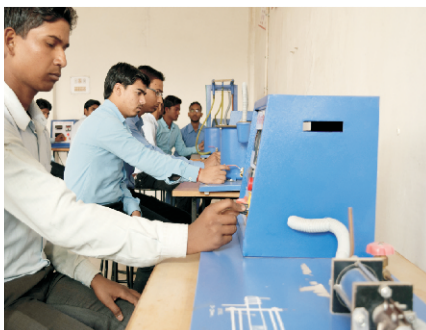

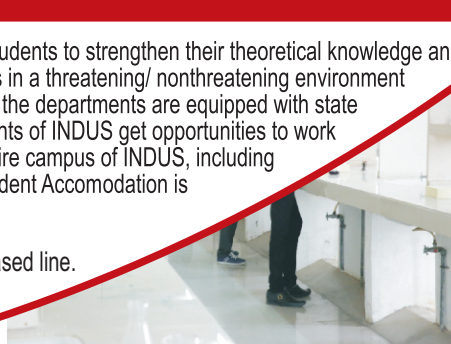

> Direct Lateral Admissions against Vacant Seats.
> Through JEEC-UP entrance examinations.

Laboratory

Laboratory is the place of testing ground for students to strengthen their theoretical knowledge and believe acquired in the class room discussions in a threatening/ nonthreatening environment without posing any risk. The laboratories of all the departments are equipped with state of the art facilities and accessories. The students of INDUS get opportunities to work in the laboratories on individual basis. The entire campus of INDUS, including Hostels, Guest House, Single Bed Room Resident Accomodation is connected with Wi-Fi facility having

50mbps leased line.

Ragging
Free Campus

RAGGING

IT IS A CRIME. ANYBODY INVOLVED IN RAGGING OR REPORTED FOR RAGGING SHALL BE RUSTICATED AND F.I.R. SHALL BE FILED

यह एक अपराध है। जो कोई विद्यार्थी इसमें लिप्त पाया जायेगा अथवा लिप्त बताया जायेगा उसे संस्थान से निष्कासित किया जायेगा एवं उसके विरुद्ध पुलिस विभाग में एफ.आई. आर. भी दर्ज कराई जायेगी

Library

The library is the brain behind teaching, learning, and research process of any Institute. The management committee consisting of IITians, understand the concepts and advantages of good library as of IITs. Having this concept in mind, the management committee specially designed, got constructed and operationalized well-spaced full-fledged computerised library giving soothing environment to readers.

Hostel A Home away from Home

Most of the students after 10+2 join engineering institutions without the experience of living in the hostel. Sometimes it becomes difficult for many students to even think of remaining away from their houses, but we provide soothing environment for transition from their homely atmosphere to the hostel atmosphere. Each of the girls and boys hostel have double bedded and triple bedded rooms fitted with good fixtures and furniture to attract the students, to name a few; boiler and Geysers to supply hot waters during winter.

Recreation and Gym:

The boys' and girls' hostels have separate recreation halls in their hostel fitted with TV and modern Gym equipments.

Mess Annapurna

The Institute has two messes and both are fitted with state of the art cooking facilities.

The hygienic food service aids the students to participate enthusiastically feverish classroom activities. The menu of the mess is prepared and followed by a student committee to keep the track of the quality and hygienic condition of the food preparation.

Cafeteria : The cafeteria serves students, staffs, guests beyond the mess timing. It gives the mixed glimpse of both open and closed places of discussion along with tea and snacks. Sometimes, the services of the cafeteria are extended up to the green carpeted landscaped arena of the institute, on special occasions.

Guest Lectures and Seminars

History has proved time and again that genius inspires genius. While talent is what it takes to hit a target no one else can, it takes genius to hit a target that no one can see. Here at INDUS, emphasis is given on making our students not only academically brilliant, but also true leaders and team players, thus preparing them for the real life corporate world. This is done by inviting people from industries and top institutions to provide valuable information to our students.

Personality Development Program

The nature of one's thought process and emotions are regarded as the basis of his personality development.

Our thought process affects our mental, intellectual and also the physical makeup. The students are shy of expressing their thoughts. The institute provides proper platform to enable them to open up amongst their peers with the help of in house training and invited trainers.

Co-curricular Activities

There are number of co-curricular activities planned, managed and operated by different committees of students under the faculty mentorship. The robotics workshop is held every year in the institute and students from different institutes are invited to participate to inculcate the global competitive flavor. The institute has IETE student forum here in the campus. Our students do take part in regularly organized activities of IETE in IIT Kanpur, being very near to our institute.

Extra-Curricular Activities

The well-known proverb "Healthy mind rests in healthy body" has motivated us to provide enough games and sports facilities in terms of football, volleyball, cricket, kho-kho etc. as outdoor games and badminton, carrom, chess etc. as attractions of indoor games of the Institute.

In the year 2016, IITM has got the distinction of organizing Zonal Sports Tournament-2016 organised by Dr. A.P.J. Abdul Kalam Technical University, Lucknow in association with Indus Institute of Technology & Management, Kanpur in which the different teams from different colleges of Kanpur zone participated in the Zonal Sports Tournament-2016.

ZONAL CENTER

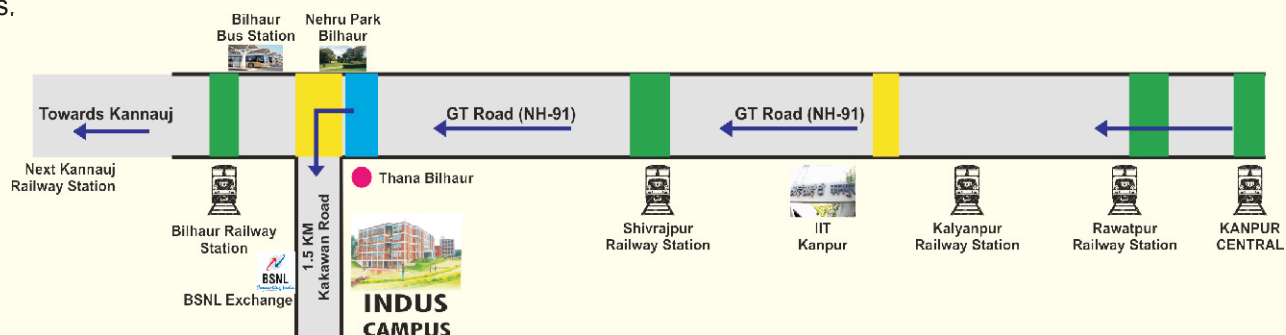

Modern Teaching Aids:

The Modern teaching aids such as CDs, VCDs, LCDs projectors are extensively used to support the black/white boards in the teaching learning process.

Transportation

The rail is the cheapest mode of transportation in India. **This facility of transportation is available for the students of INDUS only in Kanpur as the Institute was planned and established just beside the Bilhaur Railway Station.** In addition to this, a bus plies daily up and down, covering different routes of Kanpur city to the Institute for both students and teachers.

Indus Institute of Technology & Management organizes Indus Carnival, an annual fest conducted every year. This fest comprises different technical and non-technical programme prepared and managed by our engineering and management students. This annual fest gives exposure to our students where they use their theoretical knowledge and practical approach studied and experienced in their classes.

TRAINING & PLAC

SUMMER TRAINING : With a view to giving the students a feel of field life before they step into the real world and enhancing their placement potentiality, we encourage and arrange practical Training to be taken during summer Vacations for all the students after their 2nd and 3rd years.

Our students have done their Summer Training in many big Corporate houses and Govt. Organizations such as Canon, NTPC, UP Jal Nigam, BSNL, BHEL, PWD, HCL, ITI etc.

कानपुर (ब्यूरो)। इंडस इंस्टीट्यूट के स्टूडेंटों का कैम्पस सेलेक्शन कांपरो मारुति लिमिटेड मल्टीनेशनल कंपनी में हुआ है। कैम्पस प्लेसमेंट ड्राइव में मैकेनिकल डिप्लोमा के स्टूडेंटों को नौकरों मिल गईं। संस्थान के डायरेक्टर पीके मन्ना ने स्टूडेंटों को उज्ज्वल भविष्य के लिए बधाई दी।

MYCity कानपुर सोमवार अमर-उजाला

इंडस इंस्टीट्यूट में जॉब फेयर का आयोजन

कानपुर (ब्यूरो)। बिल्लौर स्थित तकनीकी संस्थान इंडस इंस्टीट्यूट ऑफ टेक्नोलॉजी एंड मैनेजमेंट में वीटिक डिप्लोमा और एमबीए अंतिम वर्ष के छात्र-छात्राओं के लिए जॉब फेयर का आयोजन किया गया। इसमें विभिन्न कंपनियों ने इंस्टीट्यूट के 60 छात्र-छात्राओं का चयन किया। संस्थान के डायरेक्टर डा. पीके मन्ना ने कंपनी के अधिकारियों को बुके और प्रतीक चिह्न देकर स्वागत किया। चर्चित छात्र-छात्राओं को 2 से 3.5 लाख सलाना का पैकेज दिया गया है। ट्रेनिंग एवं प्लेसमेंट अधिकारी अशी अहमद ने बताया कि जल्द ही कैम्पस प्लेसमेंट के लिए कई बहुराष्ट्रीय कंपनियां आने वाली हैं। उन्होंने इंडस के शत-प्रतिशत छात्रों को प्लेसमेंट का विश्वास दिलाया।
